Blake Larson

Software Engineer - Santa Rosa, CA

SUMMARY

Creative, detail-oriented, software engineer passionate about UI and UX. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with a mission to create positive change.

WORK EXPERIENCE

Software Engineer at 100devs | (Remote) Los Angeles, CA

August 2021 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications
- Applied Agile methodologies like SCRUM for project management

Recent Projects at Blakelarson.dev**:**

My Music Studio **(Fullstack Web App)** – A web application for private music teachers to manage their studio and students. Users can log in to their profiles to view their upcoming lesson times and student information. They can create, view, edit and delete student profile pages and lessons that contain user-entered data. Built using MERN stack technologies.

Client Website **for Karissa DeRousseau** – A static website built with HTML, CSS, Bootstrap, Sass, and JS. This website serves as the online presence for Dr. DeRousseau, a concierge physical therapist and small business owner. DeRousseau has already seen an increase in client interest in the short time that this site has been live.

Full Stack, Freelance Software Engineer | Santa Rosa, CA

June 2020 — Present

- Created full-stack web applications and static websites for different clients across small and medium-sized businesses.
- Experience with various CSS libraries such as Bootstrap and TailwindCSS.
- Consulted on SEO and social media strategy.

Freelance Real Estate Transaction Coordinator | Santa Rosa, CA

January 2020 — September 2021

- My agents saw over a 50% increase in sales because of the time I saved them.
- Developed transaction organization systems to efficiently coordinate upwards of 80 documents with other real estate professionals through clear and cordial communications.
- Created a web app to efficiently intake new contract data and input it into the brokerage system.

Private Voice and Piano Teacher | Long Beach, CA / Santa Rosa, CA

May 2018 — December 2021

- Taught music lessons to students of various ages and backgrounds.
- Organized student information, repertoire, lesson scheduling, payment, and recital performances.
- Lead students through auditions and performance roles.
